Community Development. Supplemental funding to the State of Texas under the U.S. Department of Housing and Urban Development's Community Development Block Grant Program. The Community Development Block Grant Recovery (CDBG-R) funds will invest in seventy-five rural Texas cities and counties to improve infrastructure such as water, sewer, flood, drainage and street improvements. A list of all seventy-five projects receiving CDBG-R funding is posted to our website at [http://www.texasagriculture.gov/agr/main\\_render/0,1968,1848\\_34565\\_0\\_0,00.html?channelId=34565](http://www.texasagriculture.gov/agr/main_render/0,1968,1848_34565_0_0,00.html?channelId=34565).

### Project Information

Project Name or Project/Program Title*	Project Status*	Total Federal Amount ARRA Funds Received/Invoiced*
Supplemental CDBG funding for the State of Texas	Completed 50% or more	\$17,955,317.83
Number of Jobs*	Description of Jobs Created*	
1.31	<p>To date a total of 479.77 full time jobs have been created/retained. The total number of jobs include professionals, office/clerical, craft workers-skilled, operatives-semi skilled and laborers-unskilled. This quarter \$608,284.81 additional funds were expended to create/retain 1.31 full time professional project and program administration jobs. The funded activities include planning and execution of community development activities, including overall program management, coordination, monitoring, and evaluation. The funds provided a portion of the salaries and expenses for the professional workforce that administers the program and the recovery projects. (The job count number will be updated next quarter to reflect the sub recipients job creation/retention due to data collection time frames).</p>

<b>Infrastructure Purpose and Rationale</b>			
<p>In selecting projects for funding, the Texas CDBG program made its selection of activities with an emphasis on projects that fulfill the intent of the Recovery Act through (a.) preserving and creating jobs and promoting economic recovery; (b.) providing investment needed to increase economic efficiency; and (c.) investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits. The other intended purposes of the Recovery Act will be fulfilled through many of the activities that were selected. The activities being funded will create jobs with salaries at the federal prevailing wage level during the design and construction phases. This outcome will lead to an economic job creation multiplier effect within the local economy that will further increase or sustain local employment. The purchase of construction materials and new equipment will support an increase in economic output and job creation nationwide. Additionally, this local investment will increase economic efficiency within the community. Finally, we anticipate the investment in infrastructure will provide long term economic benefits within the community.</p>
